

PREMIUM QUALITY
CLASSROOM FURNITURE™

WE'RE RIGHT IN THE
MIDDLE OF IT.

REVITALIZING AN ENTIRE INDUSTRY

THE MOVABLE CLASSROOM SEATING PORTION OF GENERAL EDUCATION HAS BEEN OVERLOOKED. THERE HASN'T BEEN A TRULY NEW DESIGN BROUGHT TO THIS IMPORTANT SEGMENT OF THE MARKET IN THE PAST 25 YEARS. AT CAPITOL SEATING, WE BELIEVE THAT THIS KIND OF THINKING HAS GONE ON LONG ENOUGH.

While other manufacturers were focusing their resources elsewhere, Capitol Seating saw a growing need among dealers and educators for a high-quality, high-volume, full-line of classroom seating. The results incorporate the latest forward-thinking technologies, greater comfort, modern designs, and improved safety features.

We looked inward for strength and outward for inspiration. For example, nearly every other

industry has made great strides in progress and technology. We were convinced that Capitol Seating could accomplish the same: Modern Machinery, Tooling, Materials, Processes, and Service. Our intergrated package is focused not on building lowbid, cheap, super-high-volume school furniture. Anyone can do that. Capitol Seating builds value. And we back it with a published Limited Lifetime Frame Warranty — the only one in the industry.

SO RATHER THAN SETTLE FOR A RECYCLED OLD CHAIR OR DESK WITH A NEW FINISH, YOU CAN MOVE UP TO THE NEW HIGHER STANDARD WITH CAPITOL SEATING — PREMIUM QUALITY CLASSROOM FURNITURE™.

DESKS: 470 SERIES

NEW @ CAPITOL
470

CAPITOL 470 SERIES OPEN FRONT DESK

Featuring the largest bookbox storage capacity in the school furniture market. With about 30% more capacity than the industry standard, and over 10% more than the next largest box — you just can't get more storage under our standard 62lb, 18" x 24" top! Plus, with our dual-bolt thread-locking height adjustment, there is no need to worry about the desk's stability. Finally, with our heavy-duty 18-gauge bookbox, 16-gauge inserts, and standard U-brace support — you get performance you can count on, day in and day out. Choose from Oak, Walnut, or Grey Nebula tops.

DETAILED SPECIFICATIONS
AVAILABLE ONLINE @

Our inside-holding glides feature a maximum 40° swivel to evenly distribute the weight of the furniture and the occupant. High quality components, long-ferrule design, ensure years of quiet, competent service. All of our inserts use locking screws that pass through the leg and insert to create a solid, integral foundation for learning.

DESKS: 400 SERIES

CAPITOL 400 SERIES OPEN FRONT DESK

The Capitol 400 embodies the ideal balance of design, function, and versatility in a classroom desk. Built solid from the ground up, the 400 uses inside-holding glides mounted into precise-fit, locking-screw inserts for height adjustment from 23-1/2" to 29-1/2" at 1" increments. The frame is all-tubular with an unrestricted entry design. The standard inserted U-brace connects all four legs for solid support. The one-piece, seamless, deep drawn bookbox is the benchmark for quality, safety, and durability. The standard bookbox color is powder-coated black and is also available in colors to complement the Legacy™ seat and back and the Millennium™ shell colors.

All of our bookboxes are available in fixed or adjustable heights and in colors to complement stock seat and back colors.

DESKS: 410, 450, 460 SERIES

CAPITOL 410 SERIES JR. EXECUTIVE DESK

The new industry standard starts off with our exclusive unrestricted entry design and is coupled with the largest executive bookbox in the marketplace. Then we add the integral upper and modesty panel and tie it together with a standard heavy-duty inserted U-brace. Don't overlook our precise-fit, locking screw inserts for full adjustability. Then we install the largest hard plastic desktop available at a full 20" x 36". This unit features superior engineering, excellent construction, and our exceptional limited lifetime frame warranty. The Capitol 410 is shipped virtually factory assembled and is available in right or left-hand models.

DESKS: 420, 430, 440 SERIES

CAPITOL 420, 430, 440 SERIES DESKS

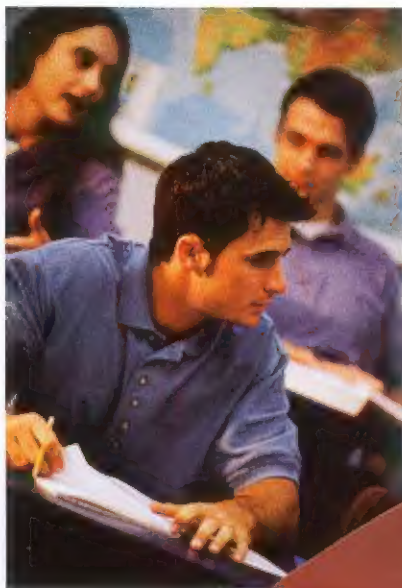

The Capitol 420 Series Wide Unit Desk is one of the most versatile desks on the market. Built with the largest hard plastic desktop available at a full 20" x 36", the 420 has a work surface capable of handling the most modern classroom environment. Designed with ample room for a work area plus a laptop, open book, or a manipulative, the Capitol 420 can do some serious multitasking yet still fit into the standard classroom environment. The all-tubular full chrome frame incorporates our exclusive unrestricted entry design. The standard unit is adjustable from 23-1/2" to 29-1/2". The optional ADA unit adjusts from 27" to 33" at one-inch increments.

MILLENNIUM™ SERIES

Introducing our newest line of Classroom Seating. The material is polypropylene. The chair is pure Capitol Seating - Premium Quality Classroom Furniture™. Our Millennium™ Series shell incorporates decades of advances in posture engineering, poly-materials, injection molding technologies, and mold design. Plus, as the only classroom furniture manufacturer to offer a published limited lifetime frame warranty — there's no need to explain the strength of our industry-leading 16 gauge legs and 13 gauge understructure. Finally, with our exclusive Posi-lock™ Stacking System — when these chairs are stacked, they lock tight for safety. Capitol Seating Millennium™ Series gives you performance you can count on, graduate after graduate. Choose from ten standard shell colors and five seat heights covering preschool to college.

LEGACY™ SERIES COMBINATION DESKS

Capitol Legacy™ Series Combination

Desks features: one piece construction, all tubular frame, 5/8" posture-contoured hard plastic, 5/8" warp-free top with pencil groove, contoured frame back for precise fit, spacerless plastic attachment, long-ferrule inside holding glides, 360° welds at all tube abutments, high-quality chrome finish, and superior extra-long welds.

Our bookracks and bookbaskets are made with heavy-gauge wire and are designed to maximize storage space. Our racks have trimmed and rounded edges for safety and are welded securely under the frame for maximum structural integrity. All underseat bookracks are designed with a high loop back to discourage use as a footrest.

DIMENSION™ SERIES ACTIVITY TABLES

The best built tables are now the most colorful. Color encourages creativity and imagination. It can also turn a drab classroom into a stimulating environment for learning. The

Dimension™ Series features heavy-duty high-pressure Wilsonart® laminate with

balanced backer sheet — fused to a high-quality 1-1/8" MDF particleboard.

Plus, Capitol is the first manufacturer to use a new breed of state-of-the-art

automated equipment, that manufactures the top from start to

finish — ensuring the consistent quality that Capitol Seating Company has built

its reputation on. Finally, with our

heavy-duty, dual-locking bolt table legs

and our metal-to-metal

threaded installation

inserts, you get

performance you can

learn on. Dimension™ — Premium Quality

Classroom Furniture™.

LAB CHAIRS & STOOLS

Designed with durability, mobility, and adjustability in mind, the Capitol Lab Chairs and Lab Stools offer unparalleled versatility in the classroom or computer lab. Featuring either the Millennium™ Series poly shell or the Legacy™ Series hard plastic, all of our units incorporate heavy-duty components for years of dependable service. The lab chair adjusts vertically to seat the middle grades all the way up to post grads. The lab stool is ideal for teachers working at a desk or podium as well as technicians monitoring a rack of servers in the lab. Choose from ten standard shell (page 8) or hard plastic seat colors (page 9).

EARLY CHILDHOOD FURNITURE

The Capitol Toddler™ Series energizes a dull learning environment by using bold primary colors to stimulate creativity and imagination. The chairs feature our lightweight, posture-correct, Millennium™ Series shells. The benefits include a deep waterfall front, double contour back, ventilation/handling opening, and precisely engineered fit and attachment. Easily handled by even the smallest of children, these units can be placed upside down on the edge of a table for cleaning, or they can be stacked vertically incorporating our exclusive Posi-lock™ stacking system for safe, easy removal. Choose from ten standard shell colors (page 8).

Capitol Seating Toddler™ Series

Tables incorporate our industry

leading Dimension™ Series

tabletops with our Toddler™

Series table leg. Adjustable from

15" to 23" with

a dual-locking

adjustability, these

heavy-duty tables are

made to support your

standard learning materials —

pencils, pens, kings-of-the-

mountain, etc. Table color

options are available in

laminates, T-moldings, and

legs to match the standard

Toddler™ chairs.
